For All Military Surviving Spouses and Parents who have lost their “Loved One.”

The Bereavement Group is an Open, Ongoing Psycho-educational Support Group for Surviving Spouses and Parents. Group participants will receive emotional support and psycho-education related to grief experienced by the loss of a spouse or adult child. Topics such as the process of grief, complicated grief, grief reactions to sudden deaths and the unique experiences of the military spouse and military parent will be discussed.

- Emotional Support
- Education
- Understanding
&
- Encouragement
